

# Environmental Respect Awards

As an Agricultural Retail Supply Company

## We are Committed:

- To assume our share of responsibility for preserving and protecting the environment;
- To operate our business in an environmentally sound manner benefiting our customers, employees and community;
- To participate in environmental, health and safety related educational programs;
- To educate our employees and customers concerning health, safety and environmental practices;
- To ensure, to the best of our ability, that the products and services we offer result in safe, high quality food, feed and fiber.
